

Quilt for Mary

A project to show our love of and appreciation
for the
Mary River and the Mary Valley.

Design a quilt square celebrating the life of the river and the life of the valley for inclusion on a massive quilt to be displayed to educate people about all that will be lost if a dam is built at Traveston Crossing. The quilt squares could be about so many things.

Life, fish, trees, turtles, future, farm, family...
What is it about the river that connects us?

Squares should be 20cmx20cm. Leave a 2cm border. Do it with your friends. Do it with your children. Organize a square decorating day. Volunteer to help stitch the quilt together. Donate fabric.

Drop your finished squares at the **Save the Mary River Information Centre, The Butter Factory in Cooroy** or post to:

Tania Murray
PO Box 233
Eumundi 4562
