

PROPOSED TRAVESTON CROSSING DAM Environmental Impact Statement (EIS) Community Information Days

Queensland Water Infrastructure (QWI) will hold two **Community Information Days** regarding the proposed Traveston Crossing Dam Environmental Impact Statement (EIS).

The last information days were during the public comment period for the draft Terms of Reference. EIS technical studies are now underway.

The Community Information Days will be attended by project team members and will include information on some of the technical studies being undertaken as part of the EIS.

Members of the community can speak with project team members to ask questions or seek clarification on posted information. There will also be the opportunity for community members to provide feedback to the EIS team.

Information Day reports for previous events held at Amamoor and Maryborough are now available at www.qldwi.com.au and selected local Council offices, libraries, offices of elected members and post offices.

Traveston Crossing Dam EIS Community Information Days

- **Brolga Theatre lawns,
Walker Street, Maryborough
Saturday 9 June, 11am - 3pm**
- **1825 Mary Valley Road, Amamoor
Sunday 10 June, 11am - 3pm**

HAVE YOUR SAY

There are various avenues now open for input to the EIS:

Phone 1800 225 384; **Email** info@qldwi.com.au or **post your comments to** Proposed Traveston Crossing Dam EIS, PO Box 151, Peregian Beach, Qld 4573.

You can also complete a feedback form available at www.qldwi.com.au and selected local Council offices, libraries, offices of elected members and post offices.
